

## LECTURE 1

### PLEASE ASK QUESTIONS!!!!

- 1) This course only covers C not the ++ part of C++ (++ refers to objects which we will not cover)
- 2) <https://introtocplusplus.com/> class web site
- 3) **important to actually program**
- 4) tutoring may be available
- 5) I use Microsoft Visual Studio to create my programs. You can use anything you like.
- 6) Book is just as a resource, I don't refer to it in class.

Please make sure that you have a class ID.
